We have made a thorough investigation of the accident, and do not find any negligence on the part of our driver. A police report on file indicates that Mr. Rick was operating his vehicle in an improper fashion, by cutting through a gas station located on the corner of the two streets, and coming into the path of our car which had the right-of-way. In order to reimburse this Agency for the cost of repairs to our property damaged in the accident, we hereby make claim in the amount of \$244.07. In accordance with our standard policy, we obtained estimates from three separate garages, and are herewith enclosing photostatic copies of their bids.

Your attention and cooperation in the settlement of this matter will be very much appreciated, and we should like to call your attention to the fact that this Agency does not have the requisite authority to accept any amount less than the full liquidated value of the claim. Otherwise, it must be referred to the Department of Justice.

Sincerely yours
